Council must have regard to the following principles in its acquisition of goods and services and disposal of Land and Assets:

#### 3.1 Encouragement of open and effective competition

#### 3.2 Obtaining value for money

3.2.1 This is not restricted to price alone.

3.2.2 An assessment of value for money must include, where possible, consideration of:

3.2.2.1 The contribution to Council's long-term plan and strategic direction;

3.2.2.2 Any relevant direct and indirect benefits to Council, both tangible and intangible;

3.2.2.3 Efficiency and effectiveness;

3.2.2.4 The performance history, and quality; scope of services and support of each prospective supplier;

3.2.2.5 Fitness for purpose of the proposed goods and service;

3.2.2.6 Whole of life costs;

3.2.2.7 Council's internal administration costs;

3.2.2.8 Technical compliance issues;

3.2.2.9 Risk exposure;

3.2.2.10 The value of any associated environmental benefits; and

3.2.2.11 The costs of various disposal methods.

#### 3.3 Ethical Behaviour and Fair Dealing

Council is to behave with impartiality, fairness, independence, openness and integrity in all discussions and negotiations.

#### 3.4 Probity, Accountability, Transparency and Reporting

#### 3.5 Ensuring compliance with all relevant legislation

Where the evaluation criteria are comparable, Council may consider the following:

3.7.1 Adopt purchasing practices which conserve natural resources;

3.7.2 Align the Council procurement activities with principles of ecological sustainability;

3.7.3 Purchase recycled and environmentally friendly preferred products where possible;

3.7.4 Integrate relevant principles of waste minimisation and energy;

		<b>Next Review:</b>	April 2021

3.7.6 Provide leadership to business, industry and the community in promoting the use of environmentally sensitive goods and services.

### 3.8 Work, Health & Safety

Council will only engage suppliers and/or contractors who are able to maintain a level of WHS that is acceptable in accordance with Council's WHS Policies and Procedures and any additional requirements specified in terms and conditions of contractual arrangements.

#### 3.8.1 Pre-Purchase Risk Assessment

Formal pre-purchase risk assessments must be undertaken for purchase of all plant and vehicles in accordance with Council's Plant Procedure.

Consideration of risk must be undertaken pre-purchase for all other purchases. The level of the pre-purchase risk assessment shall be determined by the value of the purchase, type of purchase and perceived level of risk.

#### 3.8.2 WHS Contractor Management

Council has an obligation to ensure that Contractors engaged by Council have an understanding and a commitment to WHS as competent providers of the good or services they are contracted to provide.

Council maintains a Preferred Contractors Register for all contractors who have already provided the necessary documents in order to comply with Council's WHS Contractor Management Policy and Procedure. Where possible, contractors should be selected from this register.

Council officers must ensure when engaging contractors they administer Council's WHS Contractor Management Policy and Procedure, including components upon selection, monitoring and induction.

Disposal of Assets, in particular Plant and Equipment, shall comply with the requirements of the WHS Regulations 2012, Regulation 199-200.

## 4. PROCUREMENT METHODS

Provided that a provision exists within the budget, approval to commit expenditure by formal written quotation or tender will be gained from the Chief Executive Officer.

### 4.1 Purchase Orders

All goods and services must be procured by purchase order, with the exception of goods valued at **less than \$200** ex GST and travel and accommodation expenses purchased using a corporate credit card. Council's *Financial Management and Internal Control Policy* provides direction on the use of Corporate Credit Cards for purchasing.

### 4.2 Direct Purchasing

This is where Council purchases from a single source, without first obtaining competing bids. Suitable for low value, low risk goods and services, and where the supplier already has a successful service history with Council.

### 4.3 Quotations (Informal)

This is where Council obtains quotations from prospective suppliers. The number of quotes sought is dependent on the estimated purchase value (refer to Procurement Considerations table at 5.1).

Details of all quotes must be recorded on a "Quotation Register" form (Appendix 1), including details of the commercial terms of the quote and these records are to be retained within Council's GDS20 records system.

	<h1>Procurement and Disposal Policy</h1>	<b>Version No:</b>	4.0
		<b>Issued:</b>	August 2010
		<b>Last Review:</b>	April 2019
		<b>Next Review:</b>	April 2021

#### 4.4 Request for Quotations (RFQ)

This is where Council obtains written quotations from prospective suppliers.

A minimum of three (3) written quotations including a delivery or completion requirement should be sought.

Model RFQ forms can be downloaded from [www.lga.sa.gov.au/page.aspx?u=6790](http://www.lga.sa.gov.au/page.aspx?u=6790), and should be used where detailed specifications are required.

Details of the quotes received as well as the evaluation process is to be recorded on a "Quotation Register" form (Appendix 1). All documents and advertisements are to be retained within Council's GDS20 records system.

#### 4.5 Requests for Expressions of Interest (REOI)

This where Council issues an open invitation for proposed goods and/or service.

This method may be used where there is a potentially large market for the proposed goods and/or service, and the Council would like to be able to prepare a short list of suppliers to then invite to participate in a tender process.

Model REOI forms can be downloaded from [www.lga.sa.gov.au/page.aspx?u=6790](http://www.lga.sa.gov.au/page.aspx?u=6790).

#### 4.6 Request for Tenders (RFT)

This is where the Council issues a tender for a proposed goods and/or service.

Council may issue a "Select" Request for Tender where it has already issued a REOI, or where it has reasonable grounds for only dealing with a select group of potential suppliers.

Otherwise, Council may issue an "Open" Request for Tender.

Model RFT forms can be downloaded from [www.lga.sa.gov.au/page.aspx?u=6790](http://www.lga.sa.gov.au/page.aspx?u=6790).

All details of received Tenders must be recorded on a "Tender Register" form (Appendix 2a), and the subsequent evaluation and selection of the tender must be recorded on a "Tender Evaluation" form (Appendix 2b) (customised to accommodate the type of service and/or goods tendered for).

#### 4.7 Panel Contracts

This is where the Council establishes panel arrangements with a select group of suppliers – generally, this occurs once the Council has completed its appointment of such suppliers in accordance with this Policy, and can include either:

A standing offer from a pool of suppliers for the provision of goods and services on agreed terms; or

The prequalification of certain suppliers who may or may not be engaged on terms to be agreed.

Once a panel has been established, the Council may purchase the particular goods and/or service through such panel arrangements.

#### 4.8 Strategic Alliances

This is where the Council undertakes procurement through contract arrangements already established and administered by other organisations, including:

- 4.8.1 LGA Procurement;
- 4.8.2 Vendor Panel
- 4.8.3 G6 Procurement Group;
- 4.8.4 Procurement Australia.

## 5. PROCUREMENT CONSIDERATIONS

The appropriate method of procurement will be determined by reference to a number of factors, including:

### 5.1 Value of the Purchase

Value of Purchase (exclusive of GST)	Possible Method of Procurement
Up to \$4,999	A minimum of one (1) verbal quote (Informal)
\$5,000 to \$9,999	A minimum of two (2) verbal quotes (Informal)
\$10,000 to \$49,999	A minimum of two (2) written quotes (Informal)
\$50,000 to \$99,999	Request at least three (3) written quotations from suppliers who Council considers can meet its requirements. The request must be made using the form RFQs with detailed specifications, Request for Quotations, Long or Short Forms (as can be downloaded from LGA Procurement) should be used.
\$100,000 +	Request for Tender process shall be undertaken using the most appropriate method for the particular goods or services being tendered (I.e: "select tender" or "open market tender", refer to 4.6 above). Where possible, Request for Tenders should be done using the services of LGA Procurement or LGA's SA Tenders and Contracts website. This ensures that the process has some external controls.

The value of the purchase will be calculated as follows:

- Single one-off purchase – the total amount, or estimated amount, of the purchase (excluding GST);
- Multiple purchases – the gross value, of the estimated gross value, of the purchases (excluding GST);
- Ongoing purchases over a period of time – the annual gross value, of the purchases (excluding GST).

5.2 cost of an open market approach versus the value of the acquisition and the potential benefits;

5.3 the particular circumstances of the procurement activity;

5.4 the objectives of the procurement;

5.5 the size of the market and the number of competent suppliers;

5.6 the Council's leverage in the marketplace;

5.7 time constraints;

5.8 a global assessment of the risks associated with the relevant activity and/or project, including the risk profile of the procurement and any risks associated with the preferred procurement method.

## 6. EXEMPTIONS FROM THIS POLICY

Council may be exempt from the requirement to seek tenders or quotations, if:

- 6.1 there may be significant public risk if the procurement is delayed by process requirements, such as emergency situations threatening life and property; or
- 6.2 to ensure that residents or occupants of Council owned buildings are not subject to discomfort or hardship due to breakdown of building facilities or equipment; or
- 6.3 to ensure the security of Council's assets; or
- 6.4 a small, stable and well documented supply market exists such that Council can ensure that all potential suppliers are invited to participate; or

	<h1>Procurement and Disposal Policy</h1>	<b>Version No:</b>	4.0
		<b>Issued:</b>	August 2010
		<b>Last Review:</b>	April 2019
		<b>Next Review:</b>	April 2021

- 6.5 time constraints; or
- 6.6 Council purchases goods at an auction; or
- 6.7 Council purchases second-hand goods; or
- 6.8 the contract is made with, or under an arrangement with or made by:
  - a) The State, a government entity, a local government owned corporation, another local government, Local Government Corporate Services (LGCS Pty Ltd) or Strategic Purchasing (MPAS Group); or
  - b) Another Australian Government, an entity of another Australian Government or a local government of another State or a Territory; or
- 6.9 The Chief Executive Officer or Council determines that it is impracticable for a particular case, and the reasons are documented.
- 6.10 Purchasing of Diesel stock has been deemed impractical to source multiple quotes due to a limited number of local suppliers. Council resolved in February 2019, Resolution 10.3.3 that Council source bulk fuel supplies from Mogas Regional being the only supplier that employs local people. The market is to be tested with quotes from competitors six monthly.
- 6.11 A neighbouring council is able to provide shared services that meet Council's needs.

When assessing the most effective method of obtaining goods and/or services, Council officers should consider the administrative costs to Council of seeking tenders or quotations independently, and the reduction of these costs which can be achieved by use of approved alternative arrangements outline above.

The granting of waiver of competitive process must be appropriately documented and shall only be approved by the Chief Executive Officer.

Where a Funding Agreement specified that Council must follow a prescribed tendering process which differs from this Policy, the project funded under that Agreement is exempted from this Policy.

Where a purchase is made in the event of any emergency the expenditure must be within the officer's delegated authority, limited to that required to alleviate the emergency situation only and officers must ensure that appropriate methods of purchase are resumed as soon as practicable.

## 7. DELEGATIONS
